Rotary International's annual conventions offer a unique opportunity to inspire, educate, and energize Rotary members worldwide.

It is often said that every Rotarian should experience an International Convention at least once in their lifetime — and the 2026 Convention in Taipei promises to be truly unforgettable.

As promoters of Zones 17 and 18, our mission is to raise awareness and encourage participation in this landmark event.

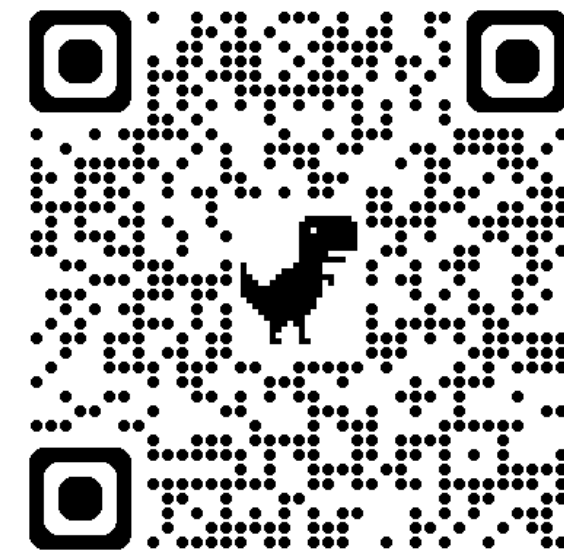

To date, over 30,000 tickets have already been sold, reflecting the excitement and anticipation surrounding the convention.

We invite you to attend an informational webinar about the Taipei 2026 Convention, taking place on **17 November at 19:00 CET**.
We look forward to sharing insights and answering your questions.
